

**REMARKS**

As a preliminary matter, Applicants' representative would like to thank Examiner Thierry L. Pham, Supervisory Patent Examiner David K. Moore, Supervisory Application Examiner Author McCloud, Supervisory Legal Instruments Examiner Stacey Kemper, and Supervisory Legal Instruments Examiner Earline Green, for courtesies extended in the numerous telephonic interviews conducted during the time period from October 3, 2005 to November 18, 2005.

Specifically, the telephone interviews were conducted on October 3, 2005, October 7, 2005, October 12, 2005, October 18, 2005, October 19, 2005, October 31, 2005, November 1, 2005, November 2, 2005, November 3, 2005, November 4, 2005, November 7, 2005, November 8, 2005, November 10, 2005, November 15, 2005, November 16, 2006, November 17, 2005, November 18, 2005, and November 21, 2005.

Applicant submits this Statement to comply with the requirements of M.P.E.P. § 713.04.

In the interviews, the following was discussed:

**A. Identification of claims discussed:**

Independent claims 11, 14, 15, and 17 are **allowed**.

A Supplemental Amendment was filed on September 19, 2005 to place all of the pending claims (i.e., claims 2-11, 13, 14, 16, 17, and 24-31) in condition for immediate allowance.

**B. Identification of prior art discussed:**

None.

**C. Identification of principal proposed amendments:**

A Supplemental Amendment was filed on September 19, 2005 to place all of the pending claims (i.e., claims 2-11, 13, 14, 16, 17, and 24-31) in condition for immediate allowance.

Examiner Pham proposed further clarifying amendments to the claims, which the Examiner stated would be made by Examiner's Amendment in the Notice of Allowance.

**D. Brief Identification of principal arguments:**

In the Applicants' representative noted that a Supplemental Amendment was filed on September 19, 2005 to place all of the pending claims (i.e., claims 2-11, 13, 14, 16, 17, and 24-31) in condition for immediate allowance.

Applicants' representative further noted that the Advisory Action mailed September 28, 2005, was not responsive to the Supplemental Amendment filed on September 19, 2005.

**E. Results of the Several Telephonic Interviews:**

Examiner Pham agreed that the Advisory Action mailed September 28, 2005 erroneously was not responsive to the Supplemental Amendment filed on September 19, 2005, because the Supplement Amendment had not yet been docketed to the Examiner at the time of issuing the Advisory Action.

Examiner Pham stated that he discussed the Supplemental Amendment with his Supervisor and that the application would be in condition for immediate allowance if the Examiner's proposed clarifying amendments were made to the claims. The Examiner stated that such proposed clarifying amendments could be made by Examiner's Amendment in the Notice of Allowance.

Applicants' representative contacted Examiner Pham on October 7, 2005 and approved the Examiner's proposed clarifying amendments. Examiner Pham agreed that the application was in condition for allowance and stated that a Notice of Allowance would be issued.

On October 19, 2005, Examiner Pham confirmed that the Notice of Allowance had been approved by his Supervisor, that the notice of Allowance was counted on October 17, 2005, and that the Issue Revision was completed on October 17, 2005.

Applicant confirmed that the Issue Revision was completed and entered into the Image File Wrapper on October 17, 2005, on the U.S.P.T.O. Private PAIR web site, a copy of which is attached herewith.

Applicants Representative contacted Examiner Pham, Supervisory Patent Examiner David K. Moore, Supervisory Application Examiner Author McCloud, Supervisory Legal Instruments Examiner Stacey Kemper, and Supervisory Legal Instruments Examiner Earline Green, several times during the time period from November 1, 2005 to November 18, 2005, to confirm that the Notice of Allowance would be issued timely prior to the expiration of the statutory period for reply to the Office Action mailed May 19, 2005.

However, the Patent Office Officials stated that, for some reason, the mailing of the Notice of Allowance was not timely performed.

Applicants' representative reiterated their request that the Notice of Allowance be timely mailed, since the Issue Revision was completed on October 17, 2005. Applicants' representative expressed concern that, due to the Patent Office delay in mailing the Notice of Allowance, Applicants detrimentally would be forced to pay additional extension of time

fees, and also to file a Notice of Appeal and associated fees, in order to maintain the pendency of the application until the Notice of Allowance could be mailed.

On November 8, 2005, Examiner Pham provided an unofficial copy of the Notice of Allowance via facsimile to Applicants' representative. A copy of which is attached herewith.

On November 17, 2005, Supervisory Legal Instruments Examiner Stacey Kemper and Examiner Pham proposed re-issuing the Notice of Allowance, since the reason for the Patent Office's delay in mailing the Notice of Allowance which was approved October 17, 2005, could not be determined.

However, on November 18, 2005, Examiner Pham stated that such would require the Revision process for the Notice of Allowance to be restarted, which would mean that the Notice of Allowance likely would not be timely issued by the expiration of the statutory period for response to the May 19, 2005 final Office Action.

**F. Conclusion:**

Accordingly, Applicants submit herewith a Notice of Appeal and fee, together with a Petition for Extension of Time extending the time period for reply from September 19, 2005 (one-month extension of time fee was paid by Applicants on September 19, 2005) to November 19, 2005.

Applicants note that the Notice of Appeal and Petition for Extension of Time are timely filed, since the due date of November 19, 2005 fell on a weekend.

In view of the foregoing, Applicants respectfully submit that claims 2-11, 13, 14, 16, 17, and 24-31 are patentable over the prior art of reference.

Serial No. 09/574,453  
Docket No. FJ-2000-004-US  
(MAS.001)

The Examiner is respectfully requested to pass the above application to issue at the earliest possible time.

It is believed that no petition or fee is required. However, if the USPTO deems otherwise, the Commissioner is hereby authorized to charge any deficiency in fees or to credit any overpayment in fees to Attorney's Deposit Account No. 50-0481.

Respectfully Submitted,

#### DETAILED ACTION

- This action is responsive to the following communication: Amendment After Final filed on 8/17/05.
- Claims 2-11, 13-14, 16-17, 24-31 are pending; claims 1, 12, 15, 18-23 have been canceled.

#### *Allowable Subject Matter*

Claims 2-11, 13-14, 16-17, and 24-31 are allowed; renumbered as claims 1-22.

The following is an examiner's statement of reasons for allowance:

The cited prior arts (US 6573927 to Parulski, and US 6453071 to Ito et al) fail to teach and/or suggest a print designation file having the print designating information further includes scene specifying information for specifying a subject scene to be printed in the moving image file (i.e. AVI or MPEG file) and taking the image data file out of the subject scene in the moving image file in accordance with the scene specifying information and in combinations of other features in the claims" as cited in renumbered independent claims 1, 11, and 13-14. Parulski teaches a print designation file for specifying a copy of still image to be printed as shown in columns 7-8, but fails to teach and/or suggest a print designation file including a scene specifying information for designating a certain scenes/frames to be printed in a moving image (i.e. indicating a frame and/or scene to be printed in a moving image file such as AVI or MPEG). The examiner found neither prior art cited in its entirety, nor based on the prior art, nor found any motivation to combine any of prior arts that teaches the above limitations and in combinations of other features as cited in renumbered independent claims 1, 11, and 13-14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
